Tucked on a quiet, family-friendly cul-de-sac in one of Calgary's most thoughtfully designed communities, 113 Walden Mews SE is more than a home—it's where life unfolds beautifully. Originally crafted as a showhome, this 4 bedroom, 3.5 bath home with a walk-up basement is a true statement piece, seamlessly blending upscale design with energy-efficient innovation. Step inside and feel the difference. Soaring 9-foot ceilings and gleaming hardwood floors (updated 2023) invite you into a space that feels open, yet warm & inviting. The heart of the home—an elegant kitchen dressed in a dark rich maple cabinetry and anchored by a generous island w/ quartz waterfall counters—offers the perfect setting for everything from quiet morning coffees to lively dinner parties. A corner pantry keeps things tucked away, while the sunny breakfast nook overlooks the beautifully landscaped southwest backyard. The living room is all about cozy elegance, with a sleek contemporary fireplace wrapped in chrome detailing—ideal for curling up on Calgary's crisp evenings. Upstairs, the expansive bonus room creates a flexible sanctuary for family movie nights or work-from-home comfort. The primary suite is a personal retreat with a spa-like ensuite and an oversized walk-in closet you'll never outgrow. Two more bedrooms offer space to grow, rest, or create. The fully developed basement offers unlimited possibilities. This level features a spacious rec room (w/ built in kitchenette), 4th bedroom, an additional full bath, lots of storage space, & a separate walk-up entrance—perfect for guests, a home business, or future suite potential (subject to approval and permitting by the city/municipality). Step outside and soak in the sun on your private southwest-facing deck, surrounded by a fully fenced yard that's

ready for backyard games, evening BBQs, or a quiet glass of wine under the stars. The pergola is a custom size for the deck & the shed is included. This is a home built with intention: Certified Built Green, solar-ready, and equipped with a two-zone high-efficiency furnace, low-E windows, newer hot water tank (2024), newer hail resistant roof (2023), A/C, updated light fixtures, low-flow toilets, and built-in speakers throughout the great room, bonus room, and primary suite. Every detail speaks to quality, comfort, and a forward-thinking lifestyle—perfect for families who want it all. When you need to venture out, everything is close at hand—shopping, trendy caf  s, fitness studios, and everyday essentials, all within minutes. Just a 2 minute walk to Save On Foods and Shoppers Drug Mart.
