The primary bedroom is a great size and allows for a king bed with plenty of closet space. Off the living area - there is a covered private deck. The condo has been recently renovated and offers a beautiful vinyl plank floor throughout, new counter tops, updated plumbing fixtures, appliances, all blinds and window coverings. The condo offers an abundance of large windows throughout the home that lets the natural light soar through making it a bright and sunny space. This building is designed for active adult living, it is a 55+ building and offers an abundance of amenities including a games room, community center with a full kitchen, library, workshop, fitness center, crafts room and a pool with a hot tub. There are several extras and upgrades including , A/C, natural gas to the deck, garburator, an underground titled parking stall and storage unit. No pets allowed. Underground parking is titled.
