WH05, an exclusive opportunity to acquire a collection of seven fully-leased, contemporary townhomes in the heart of West Hillhurst—one of Calgary's most established and sought-after inner-city neighbourhoods. This boutique multifamily asset delivers immediate cash flow with long-term upside through future stratification and potential individual resale. Each thoughtfully designed, three-storey home includes three bedrooms, 3.5 bathrooms, a private garage, and a rooftop patio, blending architectural style with durable, low-maintenance finishes. The property has been well maintained since completion and benefits from strong in-place tenancy in a supply- constrained rental market. Ideally located just minutes from downtown, the Bow River pathway system, and the amenities of Kensington, WH05 offers a rare mix of stability, location, and built-in flexibility—making it a compelling urban investment opportunity with both income and future exit potential.
