Originally built in 1967 and moved onto a concrete foundation at its current location in 1971, this expansive family home has seen thoughtful updates over the years—including a two-level addition with an attached double garage in 1987 and a full kitchen and bathroom renovation in 2000. Tucked away at the end of a quiet gravel road just minutes from Peace River, this 4-level split home offers an incredible layout across four levels, providing ample room for large families or multi-generational living. With six bedrooms, two full bathrooms, and two half bathrooms, every family member will find their own comfortable space. Ground level: a good-sized sitting room, convenient half bath, and direct access to the attached two-car garage, and a formal living room featuring a beautiful stone fireplace. The next level: Offers an open dining area complete with deck, and a large, renovated kitchen with island—perfect for entertaining. This level also includes a spacious laundry room, full bathroom with jetted soaker tub, and a guest bedroom. Upper level: A generous primary bedroom, two additional bedrooms, and a full bathroom. Basement: Cozy L-shaped family room with a brick fireplace, two more bedrooms, another half bath, and two utility/storage rooms. Outside, the property offers tremendous extras: • A 40' x 60' heated shop with a 14' door. • A 30' x 50' tarp shop with power and RV plug-in, and 14' high door. • A 7-site mini campground with full hookups (power, water, and sewer) great for family or perhaps a little side business. Mature trees frame the property offering

privacy, while open spaces provide plenty of room for kids, pets, or even a hobby farm, and great for truckers too. Whether you’re seeking a peaceful family retreat or a functional home base with space to work and play, this acreage has it all.
