Most unattached goods are negotiable. Office furnit	ure, kitchen app	iances included.	

Built in 2010, this rigid frame shop is 120 feet wide and consists of 5 drive thru bays. Bays are 130 feet deep and one is equipped as a wash bay. There is a nicely appointed office component which offers a welcoming main floor front reception area, staff lunch room, and 3 offices upstairs along with a training room/board meeting room. There are two 2pc washrooms for office use and a 4pc washroom including a shower with access from the shop. Shop heat from 8 overhead radiant units and the building is also equipped with two rooftop HVAC units and air exchangers. Three phase power (600 amp+/-), 3 floors sumps, and 16' overhead "daylight" doors. The 5.46 acre site is fully fenced, there's asphalt in front of the building, a concrete apron at the rear, and a gravel yard ideal for equipment storage and lay-down. This property offers all that is needed to take an industrial business operation to the next level. Lease package also available.
