The open concept plan is cleverly designed, so the long entry foyer is bright, has the private stairs to the upper floor separated from the main areas, a convenient half bathroom, pantry and hall closet are centrally located, and from the rear patio entry, are a flex/mud area, all in addition to the balanced dining, kitchen and living rooms. The main area finish includes oversized tile and wide-board hardwood flooring (2021), neutrally painted interior walls, large windows front and rear, and bright sliding patio doors beside a glass block feature on the rear wall. Every area is spacious enough for full-sized furniture, and the lifestyle is enhanced by including the U-shaped kitchen, complete with 2 corner counter and cabinets, stainless appliance package, and a long peninsula eating bar. Metal railings grace the stairs, and on the upper floor, the primary bedroom includes a deep walk-in closet, there is a deeper linen as well, and 2 full sized bedrooms at the opposite end for privacy between sleeping spaces. Last but not least, the layout in the basement is efficient, with the full laundry room including added shelving and a huge storage closet in the middle, rear rec/games and media, and a utility room that has the mechanical compacted to allow for storage all around - two AC

accesses in the ceiling, electrical panel with its own enclosure, recessed lighting and data wiring - nothing has been left to chance or ignored. This owner is the resident you want to move in after - meticulous care and cleanliness are obvious to all observers, and this layout allows for every life from single up to families. Millgreen Village is pet-friendly, well-managed and maintained. The complex uniquely offers a private all-ages park-and-playground with basketball hoop and cement pad, in addition to the kids' structure - and your agent will be able to access any and all condominium documents for preview, including RPR with compliance (agents see notes).
