Thoughtfully designed with family living in mind, this beautifully maintained home offers a comfortable blend of style, functionality, and space to grow. Step inside to an open-concept main floor where rich maple hardwood floors and a cozy corner fireplace create the perfect backdrop for both relaxed evenings and lively gatherings. The kitchen is a true standout with granite countertops, maple cabinetry, stainless steel appliances (including a brand-new stove), a garburator, and a fridge with ice maker – ideal for everything from casual breakfasts to holiday baking. A main floor flex room provides options for a home office, playroom, or reading nook, and the tucked-away powder room adds convenience. Laundry is also on the main floor, featuring a brand-new washer to help keep up with daily routines. The insulated double attached garage offers plenty of room for parking, storage, and weekend projects. Upstairs, the spacious bonus room opens onto a private balcony with partial mountain views – a perfect spot for morning coffee or winding down after a long day. The primary suite includes a walk-in closet and a private en-suite with jetted tub (never used, sold as-is), while two additional bedrooms and a full bath complete the upper level. Enjoy year-round comfort with central air conditioning, a humidifier, water softener with mineral filtering, and festive-ready LED exterior lighting for every celebration.
