The main floor showcases an open-concept layout with 9-foot ceilings and large north-facing windows that fill the space with natural light and offer views of a green space and future school site across the street. The chef-inspired kitchen is a true highlight, complete with full-height cabinetry, a large central island, pantry, and a premium stainless steel appliance package, including a gas range, built-in microwave, and chimney-style hood fan. Upstairs, a central bonus room provides separation between the primary suite and two additional bedrooms, offering added privacy and flexibility. The primary bedroom features a walk-in closet and a 4-piece ensuite with dual sinks and a walk-in shower. A full bathroom and convenient upper-level laundry complete the floor. The fully developed basement adds even more functional space with a large recreation room, a fourth bedroom, and a full bathroom, perfect for guests, older children, or a home office. The backyard provides plenty of space for future development, including the option to add a double detached garage, while still offering room for outdoor living or gardening.
