This is a very versatile property, with space for offices, small shop, and also lot space available for some storage and plenty of parking. The building is on a corner lot, newly renovated and still has that new paint smell! The shop space has a 12' x 12' overhead door, and has a sump. Currently the building is almost fully rented, so this could be used as an investment property, or you could use it for your own commercial, retail, or office space!
