Well-maintained multi-unit commercial building located in the heart of Edson's Central Business District. Current tenants include a gym, professional office, and furniture store, with three additional units available for lease. Built in 1980, the property features pile and grade beam construction, concrete floors, steel frame construction, and a newly upgraded roof (2025). The site offers concrete walkways, asphalt paving, ample on-site customer parking, and additional paved staff parking at the rear. Ideally positioned just half a block west of Edson's Main Street on 1st Avenue, providing excellent visibility, exposure, and accessibility. The available space was previously operated as a barber shop and includes an existing wash sink located in the common area, making it well suited for a barber or hair salon. This unit can also be easily adapted for a small office or other professional use.
