Built by Sterling Homes, this home showcases on-trend, designer-curated interior selections tailored for a home that feels personalized. Energy efficient and smart home features, plus moving services. This home features LVP throughout the main floor, additional windows, an electric fireplace with mantle, paint-grade railing with iron spindles, and a vaulted bonus room. The kitchen offers a chimney hoodfan with microwave built into the island, gas line for a future gas range, pendant lighting, and a walk-in pantry with broom storage. The main floor includes a private I.T. area with barn door. Upstairs, the primary bedroom features a 5-piece ensuite with soaker tub, tiled-wall shower with niche and fiberglass base, pocket door entry, and a bank of drawers&mdash;also included in the main bath with dual sinks. With a side entrance, 9' basement walls, upper-floor laundry, and a rear deck with gas line rough-in, this home blends style, comfort, and functionality. This energy-efficient home is Built Green certified and includes triple-pane windows, a high-efficiency furnace, and a solar chase for a solar-ready setup. With blower door testing that may be eligible for up to 25% mortgage insurance savings, plus an electric car charger rough-in, it&rsquo;s designed for sustainable, future-forward living. Featuring smart home technology, this home includes a programmable thermostat, ring camera doorbell, smart front door lock, smart and motion-activated switches&mdash;all seamlessly controlled via an Amazon Alexa touchscreen hub.
