This Carstairs home was originally built as a show home and offers a thoughtful layout with tons of built in features, on a 0.35-acre lot bordered by mature trees. You will love the south facing covered front porch, no neighbors beside overlooking the beautiful GREENSPACE. Appreciate the FENCED YARD + covered rear DECK & PATIO area creating a PRIVATE SETTING that feels tucked away while still being part of a welcoming neighborhood. Built in 2002, the home is flooded with NATURAL SUNLIGHT & has been refreshed with 2026 updates to flooring, paint, light fixtures on the main and upper levels, & Furnace in 2025 giving it a clean, comfortable feel. The main floor flows easily from the kitchen—finished with attractive cabinetry & numerous built in features—into a flexible dining or office space, and then into the living room where a double sided GAS FIREPLACE adds warmth and character. Upstairs, the primary bedroom is set apart with a walk-in closet and 3-PIECE ENSUITE, while two additional bedrooms and a 4-piece bath make the upper level practical and well balanced. Downstairs, you will find large windows bring natural light into the family and hobby room, offering space to relax, create, or gather, with rough-ins for a bathroom and wet bar. The backyard has easy access from the DOUBLE ATTACHED GARAGE, complimented by an extended driveway for vehicles & toys. Set in a family-friendly area of Carstairs, with walking paths nearby and the golf course just minutes away, this is a home that offers space, privacy, and a comfortable pace of living.
