The home is situated on the edge of a ridge with sweeping south facing views and a focus on being a natural setting with less yard work. Home has just had all plumbing lines upgraded to PEX. The spacious home includes a substantial addition of 30 x 40 ft which allows flexibility and generous space to the property. The addition is heated by a newly installed wood stove in 2022 (WETT certified). It is currently being used as a large living room, extra bedroom, storage room, and an attached garage. The 30 ft length of garage allows space for sports equipment, tools, and/or vehicle. It does have a gas line for a heater. From the large south deck enjoy wildlife moving through the valley and mountain views. This property provides the perfect balance of privacy and accessibility-with lakes, forest and Crown Land nearby-perfect for hiking, hunting, fishing, quadding, snowmobiling, and year round recreation. 10 minutes to town for groceries and the well loved Caroline Supplies. Nearby larger center options are Sundre or Rocky Mountain House.
