Welcome to the highly sought-after community of Skyview Ranch! This former showhome built by Shane Homes has been well cared for. With a total of 4 bedrooms, 3.5 bathrooms and over 2300 sq ft of living space that includes a fully developed basement, there's plenty of space to grow. A cozy, bright entryway welcomes you to this home that can also serve as an office, reading or music room. The open-concept main floor features an abundance of natural light and a large kitchen with a walk-in pantry, stainless steel appliances, lots of cabinet and counter space, an island with seating, and also lots of space for a dining table. The living room has a built-in wall unit and a corner gas fireplace. Rounding out the main floor, there is a powder room and a second entrance in the rear to a double detached garage. Moving upstairs, the primary bedroom can easily fit a king size bed and features a relaxing ensuite with separate shower and soaking tub, walk-in closet with built-in organizers. Two additional bedrooms are generous in size with one bedroom featuring a multifunctional murphy bed and desk. Laundry is conveniently located on the top floor along with another full bathroom - a perfect setup for a family. The fully finished basement has spacious entertainment/hosting area, full bathroom, and a gym that could also be easily converted to a bedroom by adding a door. Don't forget to look for the hidden door that opens to tons of extra storage space! The low maintenance backyard has a double garage and room for RV parking. Recent updates on this home include vinyl siding (2025), a new roof (2026), a new dishwasher, microwave hood fan, washer/dryer, water tank, and furnace (serviced annually and warranty until 2030). This home is move-in ready and close to many amenities - playgrounds, schools, walking/bike paths, public transit, soccer fields, shopping, and major

roads. Check out the link for the 3D tour, but book your tour before it's too late!
