Just off of the entrance, a thoughtfully positioned den provides the perfect private space for working from home, studying, or simply enjoying a quiet area to read. The kitchen features solid wood cabinetry, granite countertops, and a pantry, offering both durability and style. It opens seamlessly into the expansive living and dining areas, creating an ideal layout for entertaining or relaxing. Large windows fill the space with natural light and showcase the stunning views in every direction. The living room is anchored by a cozy corner gas fireplace and provides direct access to your private patio, where you can unwind while taking in the surrounding greenery. The clever layout places the two bedrooms on opposite sides of the unit, offering exceptional privacy for guests, roommates, or family members. The secondary bedroom is highlighted by beautiful bow windows and enjoys immediate access to a well appointed three piece bathroom. A dedicated laundry room keeps everything neatly tucked away and adds to the overall convenience. The primary suite is truly impressive in both size and comfort. This expansive retreat easily accommodates king sized furniture and even offers space for an additional sitting area or home office. The large walk-in closet is a

dream for anyone needing generous storage, while the ensuite features a deep soaker tub, separate shower, and an oversized vanity. Additional features include secure indoor parking to keep your vehicle warm and protected year round, as well as extra storage space. Residents also enjoy access to an on-site gym, and the condo fees include both electricity and heat.
