Built by a trusted builder with over 70 years of experience, this home showcases on-trend, designer-curated interior selections tailored for a home that feels personalized to you. Energy efficient and smart home features, plus moving concierge services included in each home. Exceptional 2025 home featuring a 3-car garage, side entrance, and 9' basement wall height. The main floor offers a bedroom with full bath, a flex room with French doors, and a functional mudroom with open bench and coat rack. Enjoy an electric fireplace with drywall ledge, paint feature and tile surround, paint-grade railing with iron spindles, vaulted bonus room, and designer paint features throughout. The executive kitchen includes stainless steel appliances, gas cooktop, and a spice kitchen with gas range and wood shelving. The upper level features a 5-piece ensuite with soaker tub and fully tiled shower with two glass walls, bench, and swing door, plus tiled floors in all bathrooms and laundry. This energy-efficient home is Built Green certified and includes triple-pane windows, a high-efficiency furnace, and a solar chase for a solar-ready setup. With blower door testing, plus an electric car charger rough-in, it's designed for sustainable, future-forward living. Featuring a full range of smart home technology, this home includes a programmable thermostat, ring camera doorbell, smart front door lock, smart and motion-activated switches—all seamlessly controlled via an Amazon Alexa touchscreen hub.
