****OPEN HOUSE SAT APR 11th 12PM - 2PM / SUN APR 12th 12PM - 2PM **** Welcome to this exceptional McKee-built custom home in the prestigious community of Coopers Crossing, where refined craftsmanship meets unobstructed pond-side living. Offering over 3,700 sqft of professionally developed living space, this fully finished 4-bedroom, 3.5-bathroom walk-out home delivers an elevated lifestyle defined by architectural detail and premium upgrades. From the moment you arrive, the curb appeal is undeniable - an exposed aggregate driveway, covered front porch with cedar soffit detailing, and a fully landscaped lot create a strong first impression. The 708 sqft triple tandem heated garage is both functional and impressive, complete with overhead storage and room for vehicles, toys, or workshop space. Inside, a dramatic open-rise staircase anchors the main level, while engineered hardwood flooring flows throughout. The great room is designed for both everyday living and upscale entertaining, featuring a custom fireplace surround with built-ins and expansive windows framing tranquil pond views. The chef-inspired kitchen is a true showpiece. Thoughtfully upgraded with crisp white cabinetry, double islands, and premium stainless steel appliances, it includes a 48" Jenn-Air dual-fuel gas range, Vent-A-Hood range hood, and Electrolux side-by-side refrigerator/freezer. An exquisite under mount sink and refined finishes complete this elevated culinary space. From this level, step outside to your private backyard oasis: a full-width 33' x 9' composite deck with stairs leading to professionally designed stone scaping, low-maintenance turf, and a dedicated firepit and patio area (15' x 10'). Upstairs, vaulted ceilings and two skylights flood the bonus room, primary suite, ensuite, and

laundry room with natural light. The primary retreat offers serene water views and a spa-inspired ensuite designed for relaxation. Three additional bedrooms complete the upper level, including one with a charming Juliet balcony. The fully developed walk-out basement extends the living space seamlessly outdoors and features a wet bar, spacious recreation area, hobby room, and additional storage. Morning coffees overlooking the water in summer. Skating on the pond in winter. This is a home designed to be experienced in every season. Additional highlights include upper-level exterior pot lights, custom built-ins throughout, security camera system and panel, pre-wired in-ceiling speakers with two Sonos bridges, dual furnaces plus A/C. Rarely do homes combine this level of finish, functionality, and uninterrupted pond views in one of Airdrie's most sought-after communities. This is luxury living - without compromise.
