Inclusions:	EXSITING TREES		

Prime strategically located property offering a rare opportunity to establish or expand a commercial nursery, tree farm, or garden centre operation. This 88.06-acre parcel is ideally located between Highway 2 and Highway 2A, just south of Bowden, providing exceptional visibility and high traffic exposure along the busy corridor between Bowden and Olds — only 20 minutes to Red Deer and one hour to Calgary. Zoned AG – Agricultural District, the land accommodates a wide range of agricultural and value-added uses, including nursery production, retail or wholesale garden centre, market gardening, and related agribusiness operations. Existing site improvements include a 40' × 95' heated shop, an irrigation pond, established tree plots, and ample open space suitable for greenhouse expansion, retail yard development, or on-site sales areas. The property's size, infrastructure, and location make it ideal for a long-term agricultural or horticultural enterprise. Ownership is seeking a long-term tenant (minimum 10-year term) interested in building a sustainable business presence in one of Central Alberta's most accessible and visible rural location.
