The main level is anchored by a standout custom kitchen, thoughtfully designed with white and grey cabinetry, solid wood dovetail soft-close drawers, quartz countertops, an undermount stainless steel sink, and a timeless white subway tile backsplash. The layout is both functional and inviting, offering ample prep space and storage, while the clean lines and modern finishes create a bright, elevated feel. The adjacent dining area is filled with natural light and opens onto a two-tiered deck and a private, treed backyard—ideal for both daily living and entertaining. A large main floor living room provides a comfortable gathering space, and both front and side entrances add convenience and flexibility for everyday use. The fully developed basement adds excellent additional space with a large family room, generous fourth bedroom, and a spacious laundry room complete with basin sink and added storage.
