Tucked among mature trees on a beautifully maintained 1.51-acre parcel, this 1978 bungalow with a drive-under double attached garage offers privacy, space, and exceptional potential just minutes south of Water Valley. With over 2,000 sq ft on the main floor, the home features a spacious primary bedroom with 2-piece ensuite and walk-in closet, plus a recently renovated main bathroom with walk-in shower and stone countertops. The updated kitchen includes granite countertops, stainless steel appliances, and opens to a bright dining area with south-facing windows. A sunroom just off the dining space offers flexibility as a sitting area or additional bedroom. The cozy living room is anchored by a wood-burning fireplace, while a large west-end flex room with a free-standing gas fireplace provides endless options —office space, home gym, family flex space or easily converted into two additional large main floor bedrooms. The bright walkout basement includes one bedroom, a bathroom area under renovation which includes a former spa space with indoor hot tub potential and a working sauna—ready to be reimagined into a relaxing retreat. Additional features include a large laundry room, ample storage, and a cold room. The lower level also has a wood burning fireplace. Direct access to the garage is complemented by an attached workshop with its own exterior door. Located at the end of a quiet cul-de-sac, with Winchell Lake and nearby parks and recreation land just across the road, amazing golf course nearby - this property offers a rare opportunity in the sought-after Water Valley area. So much potential to add more bedrooms above grade. Brand new furnace, recent septic inspection, roof 2017.
