Welcome to Cedarview Mews—an exceptionally well-managed and friendly complex, perfect for those seeking peace and a sense of community. This fully developed former showhome offers a functional and spacious layout, featuring two large primary bedrooms upstairs—each with its own full ensuite—along with a total of four bathrooms. The home is ideally positioned within the courtyard, providing a central location with ample visitor parking nearby. Welcomed by a generous entry with direct access to the single oversized attached garage and a convenient 2-piece powder room. The main floor showcases durable luxury vinyl plank flooring in a warm wood tone, complemented by a neutral colour palette throughout. The kitchen is thoughtfully designed with white European-style cabinetry, ample Durotone counter space, and a peninsula with raised bar seating—ideal for casual dining or entertaining. A sleek white appliance package is included, with a full-size refrigerator in the kitchen and additional freezer space in the garage. The adjoining dining and living areas are bright and inviting, enhanced by large south-facing windows that fill the space with natural light. A gas fireplace with mantle creates a comfortable focal point, while tasteful wainscoting adds a refined finishing touch. Upstairs, both primary bedrooms are generously sized. One features double closets, while the other includes a walk-in closet—each complemented by its own private ensuite. The fully developed lower level offers a versatile family room, which could easily serve as a guest bedroom thanks to the egress window, along with a 3-piece bathroom. Significant mechanical updates provide peace of mind, including a high-efficiency furnace and hot water tank (2023). Additional upgrades include a reverse osmosis water system (2021), updated washer and dryer (2021),

replacement of Poly B plumbing and updated toilets(2021). The south-facing backyard is a standout feature, offering a private and serene setting with a large brick wall, mature spruce trees, and partial views of the adjacent field—one of the more desirable locations within the complex. This is a well-maintained, move-in-ready home offering excellent value with reasonable condo fees and flexible possession.
