Welcome to this beautifully maintained townhouse in the desirable Hycroft Estates—a truly special complex and one I know firsthand to be one of a kind. Tucked into a quiet, park-like setting, this home offers a warm mountain chalet feel with thoughtful, minimalist updates throughout. The main level features an open dining and living space, with a spacious living room centred around a stunning rock fireplace with electric insert, and access to a private balcony. The kitchen has been refreshed with a newer IKEA design—clean, functional, and well laid out—with direct access to your private backyard with no neighbours behind. Upstairs, you’ll find newer hardwood flooring throughout and three bedrooms, including a bright primary retreat with vaulted ceilings, a renovated 3-piece ensuite, walk-in closet with built-in organizers, and a private patio with peekaboo mountain views. Additional updates include renovated bathrooms, fresh paint throughout, newer windows, and brand new 50+ year shingles (2025). The double attached garage adds everyday convenience and extra storage. This pet-friendly complex is known for its mature trees, green space, and strong sense of community—just steps to an incredible off-leash dog park and surrounded by pathways for those who love the outdoors. A rare opportunity to own in a location that offers both quiet, nature-filled living and everyday convenience.
