Great opportunity! Located right off the highway, making this a great opportunity for new businesses! The huge restaurant space is perfect for a quick stop for food and drink before crossing the border. The main floor has already been developed into a restaurant, complete with huge bar area and a kitchen space, with pool tables and TV's installed to relax a little, perfect for truckers coming and going. The basement and the loft area are undeveloped but ready for the next phase of the business. Plenty of parking, a beautiful patio area that gets plenty of sun, and a huge garage for the owner to use as a shop/workspace. Located minutes from the border, an hour from Lethbridge, two hours to Great Falls, this is a great location just waiting for you!
