The focal point of this space is a magnificent 47" wide, three-sided glass bay fireplace. From the living room, step out onto the south-facing, epoxy stone-finished deck to enjoy breathtaking views of the Three Sisters and Ha Ling mountain peaks. The luxurious kitchen features a stunning waterfall granite island, walk-in pantry, built-in microwave, and Fisher & Paykel appliances including two integrated refrigerators, two integrated dishwashers, and a 36" range. A captivating open-to-below stairway with floor-to-vaulted-ceiling windows, hanging glass chandelier, and a custom-crafted hardwood ash railing leads to the sanctuary of the third floor, which is dedicated to the primary suite. At the top of the stairway, the loft offers picturesque views of Grotto and Lady McDonald mountains, making it an ideal spot for lounging or working from home. The spacious primary bedroom features large windows with sprawling mountain vistas. A free-standing tub, oversized shower, private water closet, and double vanities complete the spa-like ensuite. The interior finishings include upgraded cabinetry, flooring, plumbing, hardware, and lighting fixtures. There is tile and 7.5" engineered hardwood plank flooring throughout all of the living spaces, and textured epoxy resin covering the floors of the utility room,

garage, and its attached storage room. Designed to handle the mountain climate with minimal maintenance, the exterior includes a mechanically welded, standing seam metal roof, durable LP siding, triple-pane windows, and natural stone from the local quarry. The yard is beautifully landscaped and has an additional parking space. This home is ready for solar, electric vehicle, and hot tub installations.
