Unique opportunity to acquire a family run custom kitchen cabinetry business, backed by a well known European brand. Using their connections in the UK, they successfully secured the first Canadian dealership here in Cochrane, one of only a few North American locations which lead the way for two new dealerships to open in Vancouver and Ottawa. With established relationships, they've partnered with countertop fabricators and sub-trades who understand the level of quality expected to provide exceptional service to their clientele. Exclusive rights to Calgary, Cochrane, and surrounding areas. Established partners and client-base including custom builders who exclusively use them for all their projects. They have also secured larger multi-family projects with reputable builders in Calgary.
