Designed with family living in mind, this four-bedroom home offers both functionality and elegance. The thoughtfully designed floor plan places three spacious bedrooms on the upper level, accompanied by a well-appointed 4-piece bathroom. Meanwhile, the main floor provides a haven of convenience and comfort for parents with a generously sized primary suite featuring a luxurious 5-piece ensuite complete with dual sinks, a jetted tub, and a stand-alone shower. "His and hers" closets ensure ample storage, while the main floor also includes a laundry area, a versatile front office or den, and direct access to the 20' x 22' insulated and drywalled garage, which opens to the backyard through a convenient passage door. At the heart of the home, the maple kitchen boasts a central island, ample counter space, and a bright dining nook that leads to a back deck with sleek glass railings.
