The kitchen has been beautifully updated with quartz countertops and stainless steel appliances, making it the heart of the home for family gatherings and entertaining. Upstairs offers three spacious bedrooms, including a massive primary retreat with a fully renovated ensuite and a large closet. Two additional guest bedrooms and another stunningly renovated full bathroom complete the upper level — perfect for kids, guests, or a home office setup. The updated walkout basement is a rare find — drenched in natural light thanks to the South-facing backyard, and featuring a cozy wood-burning fireplace for those winter nights. You'll also love the incredible amount of storage space down here, with endless options for future development or keeping your life organized. Outside, the backyard has been extensively landscaped and is truly a private retreat — basking in sunshine year-round and designed for maximum enjoyment. Major recent upgrades include a new roof (2021), fully renovated bathrooms (2025), sealed driveway (2024), new furnace motor (2024), updated kitchen appliances, and much more! Additional features include an attached double garage, a walkout basement, and walking distance to everything Strathcona Park is known for — top-rated schools, walking paths, ravines, parks, and Calgary's expansive bike path system. Plus, quick
